France**

In compliance with Regulation 305/2011/UE of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product:

Ground granulated slag for concrete

Ground granulated blast furnace slag for use in concrete, mortar and grout

As described in the following table:

Designation of the product
Ground granulated slag

For the use specified in the declaration of performance established by the manufacturer, produced by or for:

**EQIOM
92400 COURBEVOIE**

And produced in the
manufacturing plant(s):

**EQIOM
59140 DUNKERQUE**

This certificate attests that all provisions concerning the attestation of conformity of the factory production control described in the Annex ZA of the standard:

NF EN 15167-1:2006 and in the Application rules **CE1+/R1**

Under system 1+ for the performances set out in this certificate are applied and that

the construction products fulfils all the prescribed requirements for these performances.

This certificate was first issued on April 6, 2021, and, unless suspended or withdrawn by the product certification body, will remain valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the factory production control itself are not modified significantly or at the latest until February 09, 2028.

The current application rules as well as the list of certificates issued by the CERIB are maintained on its website.
